## A NEW RHYTHM BEGINS

One that will carry the voices, victories, smiles and stories of our school every week.

## FROM THE HEART EDITORIAL NOTE

*Every school has buildings. Some have impressive infrastructure. A fortunate few have a soul.*

*For over six decades, Shrine Vailankanni Senior Secondary School has been far more than classrooms and corridors. It has been a place where curiosity found wings, friendships found meaning, values took root, and countless dreams quietly began their journey.*

*It gives us immense pleasure to present the inaugural edition of Campus Beats – The Pulse of SVSSS.*

*This magazine is not merely a record of events. It is a celebration of the people who bring our campus to life - the child asking a thoughtful question, the teacher inspiring a classroom, the parent placing unwavering trust in us, the support staff working tirelessly behind the scenes, and every achievement, big or small, that deserves to be remembered.*

*A heartbeat is steady, authentic and full of life. I hope these pages capture exactly that! The rhythm of our school, the spirit of our community, and the values that define who we are.*

*As you turn these pages, we invite you to look beyond the photographs and headlines. Discover the stories, the smiles, the efforts and the moments that make SVSSS a place we proudly call home.*

*May Campus Beats become a cherished chronicle of our journey together, one that informs, inspires and reminds us that every member of this family contributes to the heartbeat of our school.*

*Happy reading!*

*Schools do not change the world overnight. They quietly change the children who will.*

*With faith in every heartbeat*

*Student of SVSSS*

## NEW BEGINNINGS, SHARED DREAMS

**T**he beginning of a new academic year is always special, but welcoming our new parents from KG to Class IX made Saturday, 6 June 26, even more meaningful. The orientation was not merely an introduction to rules, routines, books and classrooms; it was a warm invitation into the heart of our school community.

Parents were introduced to the vision and mission of the school — to nurture children who are confident, compassionate, curious and responsible. The session highlighted our culture of discipline with kindness, learning with joy, and excellence with values. At our school, education is not limited to textbooks alone; it is about shaping character, encouraging creativity, building communication, strengthening confidence and helping every child discover his or her own potential.

The academic roadmap for the year was shared, along with the importance of regularity, reading habits, classroom participation, assessments, co-curricular activities and parent-school partnership. Parents were reminded that the most successful learning journey happens when the school and home walk together, with trust, patience and shared purpose. A brief 10-minute session by Burlington added value to the orientation, giving parents a quick insight into their books and learning

resources. The session helped parents understand how these materials support language development, comprehension, vocabulary and joyful learning.

The orientation ended with a sense of assurance and belonging. As our new families step into this journey with us, we look forward to building not just better students, but brighter individuals, children who learn with enthusiasm, grow with confidence and carry the values of the school wherever they go.

## TINY HANDS, MIGHTY PROMISES: WORLD ENVIRONMENT DAY AT OUR SCHOOL

**O**n 5 June 2026, our school celebrated World Environment Day with joy, meaning and a deep sense of responsibility. The campus came alive with young voices, bright smiles and little hands ready to protect the planet they will one day inherit.

The celebration began with our students taking an oath to care for the Earth. Their promise to reduce waste, save water, avoid plastic, keep their surroundings clean and plant more trees was more than a pledge. It was a beautiful reminder that change begins with children. Carrying the message "Zero

Waste, Save Earth," our students showed that even the smallest actions can create a powerful impact. A tap closed, a plant watered, a piece of waste avoided, a sapling nurtured, each simple act becomes a step towards a greener tomorrow.

The most touching moment was watching the children plant saplings and plants with care and pride. They held them like little treasures, watered them with love and understood that nature must be protected, not taken for granted. In every sapling planted, there was hope. In every drop of water poured, there was responsibility.

World Environment Day was not just a celebration at our school; it was a lesson beyond textbooks. It taught our children patience, gratitude, compassion and the importance of giving back to Mother Earth.

On this special day, our students planted more than saplings.  
They planted hope.  
They planted responsibility.  
They planted a greener tomorrow.

## YOUNG LEADERS. BOLD VOICES. LIMITLESS POSSIBILITIES

*The campus came alive with pride, purpose and youthful promise on 8 July 2026, as the Clubs of both the Primary and High School were formally installed in a grand and inspiring ceremony.*

*From our youngest leaders in Classes I and II to the confident office-bearers of High School, students stepped forward with remarkable poise to accept their responsibilities as Presidents and Secretaries of various clubs. With heads held high and voices filled with conviction, they took the oath of office, pledging to lead with*

*integrity, commitment and enthusiasm.*

*The newly installed leaders spoke passionately about their plans for the year, ideas that reflected creativity, environmental consciousness, scientific curiosity, confident communication, life skills, consumer awareness and responsible citizenship. Their vision made one thing abundantly clear: these were not merely titles being conferred, but young minds being entrusted with the power to imagine, organize, inspire and create change.*

*The ceremony celebrated clubs ranging from Artistry, Eco, Podium, Martial Arts and Life Skills to Science, Art and Craft, EVS and Consumer Protection.*

*It was a magnificent beginning to a year of action and achievement where leadership found its voice, responsibility found young shoulders, and every promise carried the possibility of something extraordinary.*
